Dear colleague,

We are pleased to invite you to participate in the European Union Regional Economics Applications Laboratory (EUREAL) workshop on applied regional and policy research hosted by the Spatial and Regional Economics research group (ECONRES) at the Faculty of Economics and Business Administration, Universidad Autónoma de Madrid. The workshop will be held in Madrid, Spain, 31 August – 1 September 2015.

EUREAL is a network of researchers engaged in the development and use of analytical models for regional forecasting and economic development.

The Spatial and Regional Economics research group (ECONRES) is one of the “Consolidated Research Groups” of the Universidad Autónoma de Madrid in the Social Sciences area. This team is devoted to the development of new models/methods in spatial econometrics/statistics for applications in regional/urban economics and business administration.

We invite papers dealing with European and wider context on the following topics:

- Entrepreneurship, small business and regional diversity
- Infrastructure, transport flows and networks among regions
- Migration and regional labor markets
- Natural environment, resources and sustainable development
- Regional economic growth and development
- Regional, rural and urban policy
- Spatial agglomerations and metropolitan areas
- Spatial econometrics and regional economic modelling
- Spatial income inequalities

If you wish to participate in the workshop, please let Coro Chasco know by email coro.chasco@uam.es as soon as possible. Abstracts should be prepared in PDF-format and should be sent by June 30th 2015.

More information about the accommodation and other issues will be prepared soon in our webpage: http://www.uam.es/econres

Yours sincerely

Coro Chasco
ECONRES Research Group
Universidad Autónoma de Madrid (Spain)
