Postdoctoral fellowships in Regional and Urban Science at the Universidad Autónoma de Madrid (Spain)

The Spatial and Regional Economics research group (ECONRES) invites applications for Postdoctoral Fellows for appointments starting on January 2020. The ECONRES group is one of the “Consolidated Research Groups” of the Universidad Autónoma de Madrid in the Social Sciences area (SOC, E-027). This team is devoted to the development of new models/methods in spatial econometrics/statistics for applications in regional/urban economics and business administration.
